## **Investment Selection**

Please either check the following box or complete the investment section provided below.

□ I do not wish to change my current investments at this time. Please leave them as they currently are. I understand that if I do not currently have any investments chosen, I will be enrolled 100% into the default fund.

In the "Investment Selection" column, I have entered the percent of my contribution that I want allocated in the investment(s) choices. All contributions elected on this from will be allocated in the investment(s) that I have selected.

I understand the "Investment Selection" and corresponding percentage will remain in effect until I request a change, in accordance with the provisions of the plan. I will receive a confirmation of the requested change.

I understand that if this section is not completed, or if the investment percentages do not total 100%, that 100% of the contribution will be invested in the participant default option.

Prior to requesting any movement between investments, please review the prospectus for policies regarding frequent trading and market timing. Please review the Fee Disclosure Statement for Participants prior to enrollment.

You may select any combination in 1% increments totaling 100% (non-whole numbers will be rounded down to the nearest percent). These investment selections are for future allocations only and will not impact funds currently invested.
